**Subject:** GEO Week 2020: Request for Your Written Statements  
**Attachments:** GEOWeek2020\_Statement\_Template.docx

Dear GEO Members and Participating Organizations,

It is our pleasure to announce the online programme for [GEO Week 2020](#). This virtual event will showcase the efforts to implement the Canberra Declaration by highlighting initiatives from GEO Members, Participating Organizations and Associates in a series of live discussions and interactive content.

Focused on the key priorities of boosting the digital economy, delivering on GEO's Engagement Priorities relating to international policy, supporting national Earth observation initiatives and highlighting approaches to open data, this week-long series of online events will engage leaders from across the GEO community to share insights, lessons and advance policies and programmes that impact our planet.

We are requesting all GEO Members and Participating Organizations to submit their Statements. These will be shared on the GEO Week website and GEO's

YouTube Video Channel. They may also be shared via social media and used in future videos or promotional materials.

Please find a template attached to submit quotes, statements and video messages. It contains guidance on the following:

1. Short powerful quotes describing your commitment to GEO, and examples of the achievements, advances and impact resulting from your participation in GEO or towards GEO's vision.
2. Your full text official Statement.
3. A pre-recorded Video Message.

We look forward to receiving your Statements. Please send your Statement to: [secretariat@geosec.org](mailto:secretariat@geosec.org) no later than 15 October 2020.

With kind regards,

The GEO Secretariat
